

Horningsham Primary School

Music Development Plan

2025-2028

At Horningsham Primary School, we believe that music is a vital part of a child's education. It nurtures creativity, supports emotional wellbeing and develops skills that extend beyond the classroom: collaboration, critical thinking and perseverance. Music helps children explore and celebrate cultural diversity, fostering understanding, identity and community connections both locally and globally. Through engaging, enjoyable and inclusive experiences in performing, composing and listening, we aim to inspire a lifelong love of music. We also embrace modern technologies to broaden opportunities for creativity, innovation and collaboration, ensuring that every child has the chance to experience the joy, challenge and personal growth that music can bring.
